Rater Assessment Form

Rater Assessment Form

Thi	nking about the encounter that you just watched, please answer the following questions:
1.	What did you observe the resident do well on this tape?
2.	What, if any, errors or deficiencies did the resident commit on this tape?
3.	Based on what you have just observed, how would you supervise the resident in this skill going forward?
	ow is some language that has been used to describe supervision. If any aspect of these descriptions plies, please feel free to use the language in your response.
Res you Dir	utine oversight: Clinical oversight planned in advance (i.e. what we normally do) sponsive oversight: Clinical activities that occur in response to trainee or patient specific issues (i.e. u do more than usual) ect patient care: When supervisor moves beyond oversight to actively providing care for the patient ckstage oversight: Clinical oversight which the trainee is not aware of
	Please explain your answer:

	1 2 UNSATISFACTO	3 RY	4 5 6 SATISFACTORY	7	8 9 SUPERIOR		
7.	. Overall Clinical Competence						
	1 2 UNSATISFACTO	3 RY	4 5 6 SATISFACTORY	7	8 9 SUPERIOR		

Rater Assessment Form

8. On what did you base your overall rating? (Check all that apply)

I averaged the ratings of all of the competency domains (i.e. scores on Mini-CEX questions 1-6)

On the competency domain in which the trainee scored the lowest

On the competency domain in which the trainee scored the highest

On what a resident of that PGY level would be expected to do

On what a practicing physician would be expected to do

On how similar it was to what I would have done in that situation

On guidelines for best practices

It was a gestalt (i.e. a gut feeling)

Other (Please explain)
